

# notate sample PDF

Open this file on the left and a note on the right in split view.

Things to try:

- Drag the divider between the panes, or focus it and use the arrow keys.
- Zoom with the + / - buttons; the reading position is kept.
- Select this text and copy it into your note.
- Type a page number in the toolbar to jump.

Internal link test: [click here](#) to jump to page 3.

## Page 2 is landscape

Pages with different sizes keep their own aspect ratio in the viewer.

Negative binomial model:  $K \sim \text{NB}(\mu, \alpha)$ ,  $\text{Var}(K) = \mu + \alpha * \mu^2$

## Page 3

You arrived here from the internal link on page 1.
